Re Government Order relating to the Dewan's deputation to Java.

******

1) The following points are submitted for consideration and orders:-

1. Railway fare. The Dewan will be entitled to draw six first class fares in India and one first class fare outside India. If Ceylon is considered to be outside India, the Audit Office will admit only one first class fare.

2. Allowances to the servant. In the Govt. order no daily allowance is fixed.

In connection with tours in Europe, a daily allowance of 15 s. was fixed in addition to actual accommodation charges outside India and Rs.1-4-0 in India.

OFFICE NOTE

Regarding A: (illegible)

2) The idea in fixing railway fare has been that the Dewan should be entitled to the rates (viz. six first class fares) for the entire journey by rail. It cannot be held that these rates are not applicable to the journey within Ceylon. Further, in some cases, it has been held that "Ceylon is not considered to be out of India". For instance, please refer to note to Article 215, M.S.R. The doubt may be cleared by an intimation to the Audit Office that the ordinary rates (i.e. 6 first class fares) are meant to be applicable to the entire journey in India including Ceylon. This will also apply to the staff that accompanied the Dewan.

3) As regards B, I think some consideration is due to the servant. He was allowed a daily allowance of 15 sh. during his stay in Europe last year. The same rate may not, however, be called for in the present case. He may, if it pleases Government, be given a daily allowance of 8 sh. for the period spent outside India and Ceylon excluding the time covered by the voyage to and fro Batavia. The Government of India allowed the Dewan the services of a servant, and whatever allowances are drawn by him will be credited to Government.

Audit Office how this question has been treated in the case of the other Officers who have transferred their Cadre from time to time.

5) This information obtained from the Comptroller is that no such cases have come up so far as he is aware; & that the Cook's Life Allowances for the Dewan's return journey from Colombo to Bangalore has been fully admitted. So the view that the ordinary rates of railway fare are also applicable to Ceylon appears to have been accepted.

6) If approved, action may now be taken ~~both~~ in regard to this matter & the question of early relaxation for Superintendents on the lines suggested in para 2 of the office notes

1) The points raised in the note:-

(i) Whether Ceylon may be considered not outside India, for ~~[illegible]~~ purposes of rates of Railway fare admissible.

(ii) Proposal to give a daily allowance of 8 S. ~~[illegible]~~ to the Servant for the period spent outside India and Ceylon excluding voyage period.

2) Re: (i) ~~[illegible]~~ journeys in Ceylon.

It is stated that the Comptroller's office have admitted the charges claimed in the Devaan's T.A. bill on the basis that Ceylon is part of India for ~~[illegible]~~ purposes of Railway rates and that the principle has therefore been accepted. If this be so, no separate orders seem called for about similar rates being allowed for the Staff. [The question is one for decision in the Financial Secrett. if there be any doubt.]

3) Re (ii) Daily allowance for pers outside India

This point was raised already in the CB. 206-06 post ap. The

rate allowed for Mr Jamedar in connection with the R.T.C. meetings in England, was 15 s. in Europe & Re 1-4-0 in India. In para 22 & 26 of the notes in the collection put up, the Chief Secretary suggested that ~~instead~~ instead of fixing any specific rate of D.A, "actual expenditure" incurred might be admitted. As we had no definite idea of the costliness of the place, the suggestion of allowing actual expenditure was made and this was approved. The circumstances under which the Dewan's office now suggest a revision of this order and the basis ~~of~~ for allowing ~~fixing~~ a daily allowance of 8 s., are not ~~clear~~ mentioned. ~~8 s.~~ [The D.A of 8 s. is perhaps in lieu of the "actual expenditure" previously agreed to]

9) The proposal of the Dewan's office to allow the person who accompanied the Dewan 8 sh. a day seems somewhat high. I would suggest that he may be allowed 6 sh. a day

Considering the fact that the Pte Secy to the Dewan was allowed only £1 per day - when one previously obtained & taken only actual Expes of the Servant for days of halt. It is not known what the actual Expes are and why it is proposed to convert it to a specified daily allowance. The Dewan's office may be consulted on this point.

10) I think, in lieu of actual expenses, it would be better to give him a daily allowance. Both Java & Singapore are fairly costly places, much more so than Kandy, and 8s. per day seems reasonable. The amount of T.A. he will get from the Govt of Kandy will be credited to Govt.

16) Submitted with the draft of a G.O.

17) The proposal of the Dewan's office is to give the proper peon a daily allowance of 8 sh for the period spent outside India and Ceylon excluding the time covered by the voyage to and fro Batavia.

18) As the Comptroller's office is stated to have admitted the charges claimed in the Dewan's T.A. bill on the basis that Ceylon is part of India for purposes of Railways rates, it is for consideration, whether this principal applies in the case of daily allowance to the Peon.

Why does this question arise now? For D.A. may follow the principle of T.A. rules. MG

19) In the draft G.O. the peon is allowed a daily allowance of 5 Sh. Per day out-side India and at Rs 1-4-0 per day in India, both for the day of halt and journeys. This is also for approval.

20) Fin. Secy may also be consulted
